THE NEW BUSINESS 4x4

THE NEW THINKPAD® YOGA – 4 MODES FOR 4 TIMES THE PRODUCTIVITY

Different situations require different devices. Be it in a boardroom, a car, an office or a cafe, choose a mode and find your comfort zone. From laptop mode to stand mode and tent mode to tablet mode, the ThinkPad Yoga flips around 360°, this calls for a unique keyboard design. Lenovo's patented Lift and Lock system disables the keyboard in the tablet or stand mode, facilitating uninterrupted usage. With a pre-loaded Intel® SBA platform, it allows you to manage security better and ensure business continuity. All in all, it's a convertible Ultrabook™ primed for business.
